

WATER BALANCE TABLE

Industry Name: _____

Permit #: _____

A. Complete the table below

Water Used For	Supply From		Discharge to:		
	Gals/Day	Source (1)	SDD	Other	
			Gals/Day	Gals/Day	Discharge to: (2)
Sanitary					
Process					
Cooling					
Lawn Watering					
Boiler					
Scrubber (Air Pollution Control)					
Other (3)					
Total Gal/Day					

Notes:

(1) Enter the appropriate code letter indicating the source:

- a) Decatur water department b) Private well
- c) Recycled or reclaimed water d) Storm-water

(2) Enter the appropriate code letter indicating the discharge point:

- a) Surface waters b) Into product
- c) Storm sewers d) Evaporation
- e) Hauled by wastewater hauler

(3) Detail other sources of water/wastewater:

- a) _____
- b) _____
- c) _____

B. Break down the total process flow values as much as possible.

PROCESS	GPD (Discharge to SDD)
(i) _____	_____
(ii) _____	_____
(iii) _____	_____
(iv) _____	_____
(v) _____	_____
(vi) _____	_____
(vii) _____	_____
(viii) _____	_____
(ix) _____	_____
(x) _____	_____
(xi) _____	_____
(xii) _____	_____
