Executive Director / CFO Report September 27, 2023

Safety and Training

A Safety Committee meeting was held on September 14 at 2:30 PM. Minutes are included at the end of this report. As of September 14, Sanitary District employees have worked 1882 days since the last lost time accident and 855 days since the last recordable injury.

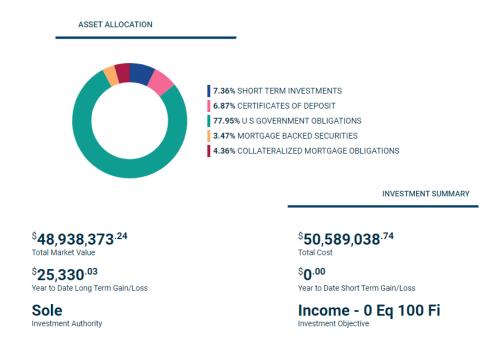

Anniversary, Awards and Recognitions

James Malone 11 Years Jennifer Brand 4 Years Russell Hazelwonder 11 Years Romeo Basa-Denis 1 Year

Labor Management

A Labor Management meeting was held on September 11. Trustee Smallwood was the Board representative. The CDL- Entry-Level Driver Training (ELDT) Program was discussed.

Investment Summary

Financial Summary as of 8/31/23

- ❖ Cash balances, all funds \$ 26,022,484.53
- ❖ Investment balances, all funds \$ 58,141,274.56
- Operation revenue is more than expense by \$ 4,857,466.98 and total revenue is more than expenses from all sources by \$ 4,213,560.75.

Audit

The District received the preliminary audit report. We are on target to present the audit for approval in October. We expect a representative from MCK to be available to answer any questions from the Board.

Projected 2023 Property Tax

The Truth in Taxation Act requires the corporate authority of each taxing district to determine the estimated amounts of money necessary to be raised by taxation not less than 20 days prior to the adoption of the aggregate levy.

If a taxing district intends to levy an aggregate tax (excluding debt service levy) more than 105% of the previous year's extension a public hearing must be held. Notice of the public hearing must be published as outlined in the act between 7 and 14 days before the hearing.

Tax levies must be filed with the County Clerk on or before the last Tuesday in December of the given tax year. For 2023, this is December 26. However, we would like to present the Levy Ordinance in November to provide a backup date if needed.

Based on previously approved debt schedules, projected IMRF contributions and capital improvement needs, an increase of \$363,496 in property taxes is proposed for extension and collection in 2024. This is projected to result in an annual increase of \$5.49 for a homeowner with a home with a market value of \$100,000.

The proposed request includes an increase of \$ 313,756 for debt service payments. This increase is included to pay the Sludge Thickening debt service.

The estimated extension for aggregated funds is an increase of \$ 49,741. The request for IMRF funds has been decreased to reflect the expected employer contribution rate and the Public Benefit and Corporate funds have been adjusted to match the projected capital improvement expenses in the Capital Improvement Plan.

Because the projected increase of the Aggregate Tax Levy is only 3.29 percent the truth in taxation notification and public hearing procedures are not required for the 2023 property tax levy.

If the estimated tax levy is acceptable, it can be decreased without any waiting period prior to adoption but cannot be increased without requiring another 20-day waiting period.

Contracts

The District's three year gas contract was scheduled to expire at the end of October. The contract rate for the expiring contract was \$.3356 per therm. The rates in 2020 when the contract was signed were the lowest they had been since 1998, as the market reacted to the pandemic shutdown. During the contract period, gas prices have been significantly higher than our contracted rate mainly due the vast amount of natural gas being shipped to Europe to counteract the reduction in supply from Russia. In August of 2022, the rate had climbed to \$1.0246 per therm. The District uses about 93,000 therms per year mainly in the heating season. We have agreed to a 12 month contract at \$0.4881 per therm. While the expected impact is an additional cost of \$14,182 for the November 2023 to November 2024 period, the rate is still less than the contract that expired in 2020. We

selected a shorter contract than normal to take advantage of any future decreases in the market. We will be monitoring the market for an opportunity to sign a longer-term contract between now and November 2024.

Our electric contract expires in March 2024. This contract was also signed at a low point in the market with a energy only rate of \$0.03149/KWh and an all-in price of around \$0.058/kWh. We currently only have the energy only portion of the cost locked in and have been paying the market price for capacity charges. The electric market has been stable since February. We are looking at an all-in rate of around \$0.0768. The anticipated budget impact is about \$250,000 annual increase in electric cost. This is also close to the rate we were paying before the last contract and is traditionally a relatively low rate. If we sign the contract before March we will still pay the lower rate until the end March.

We are also looking for a short-term contract for electricity and are planning to execute a 12-month contract before winter. The reason is that the risk of a disruption in the market between now and March causing a price spike is much greater than potential loss if the market decreases between now and March. If the price drops significantly between now and March 2025 we will lock-in a longer-term contract to provide budget stability.

Illinois Government Finance Officers Association (IGFOA) Conference

I attended the IGFOA Conference on September 17-19 in Peoria. I attended a wide range sessions with topics including: auditing updates, cyber security, legislative updates, investments, ethics, FOIA, Artificial Intelligence & Chat GPT, the economic outlook and the Highland Park mass shooting. It was very informative and provided useful information that can be put into practice.

Personnel

We currently have four open positions Operator, Buildings & Ground Laborer, I&C Maintenance Supervisor and Project Manager.

One of the current Buildings and Grounds Laborers was promoted to the previously open Maintenance Laborer position. That created a Buildings and Grounds Laborer opening. That opening has been filled with an external candidate. Subsequently the other Buildings and Grounds Laborer resigned creating the still open position.

Please forward any questions or comments to:

SAFETY COMMITTEE MEETING MINUTES

The Safety Committee met on Thursday, September 15. In attendance were Steve Doolin, David Cunningham, Latishia Greve, Ean Watson, Kent Newton, and David Boys. The Sanitary District has worked **1882** days without a lost-time accident and **855** since the last recordable injury as of this date.

The committee discussed the following items concerning the SDD facility:

- **Upcoming Training:** Working with the DFD for upcoming Trench training for late summer or early fall. Training will be held at the Macon County Law Enforcement training center as well as our site. Dates have not been confirmed, more details to follow soon.
- October 11th: St. Mary's occupational health will be on site to conduct annual Hearing test as well as Respirator physicals and fit test.
- **CDL Training:** Sam Mattox and Blake Dotson have completed CDL trainer certification. This training will allow them to teach others how to operate a commercial vehicle in compliance with federal regulations.
- The safety department will be purchasing Hazard Communication Pictogram placards for buildings to warn of hazardous areas in our facility.
- St. Louis Bridge Pump Station had a battery explode in the generator room. No one was present when the event happened. Battery inspections are planned for other areas now that this potential has been discovered.
- Wyckles Pump Station had a probe out alarm in the Diesel underground storage tank. During further inspection it was also discovered the pump handle needed to be replaced. Both were repaired.
- Last week a new vendor demonstrated different types of safety harnesses for our employees. We are looking into different manufactures and systems to provide employees with options to best fit different individuals.
- Harvest operations are beginning. As a result, employees are reminded to be cautious when driving in rural areas and to be aware of slow-moving farm equipment on the roads.
- Several safety observations in the digester area were noted by Ean Watson. They will require further investigation.

Next month's safety meeting will be held on 10/12/2023 at 2:30 p.m. If you have any questions or suggestions, call me @ EXT: 237. Together we will have a safe workplace if everybody accepts that **SAFETY IS EVERYONES RESPONSIBILITY.**
