

Imagine a Day Without Water

Art Project

A large, empty rectangular box with a blue border, intended for students to draw their artistic interpretation of a day without water.

On the back of this sheet record all the times that you use water for one day. In the space above draw how you “imagine a day without water” might look. Be creative. Our goal is to “draw” attention to the fact that Clean Water is Worth it. The District will recognize all participants and select and use the some entries to promote the Imagine a Day without water campaign in the future.

Student Name: _____ Grade: _____
