

## Trustee Appointment Process

Trustees are appointed by the Macon County Board Chair for staggered three year terms. Interested individuals can submit a MACON COUNTY APPOINTMENT REQUEST FORM to the County Board Chair. The Chair then makes the appointment which is voted on by the entire County Board.

The appointment or reappointment is entirely at the discretion of the Macon County Board and the appointed Trustee, upon qualifications per the 1917 Sanitary District Act, shall be sworn in and seated at the first regularly scheduled board meeting following the appointment.

In the event of a sitting Trustee's term ending prior to an appointment or reappointment being made, the sitting Trustee shall continue to serve until reappointed or replaced by the Chair of the Macon County Board.

You can use this link to access the Appointment Request form on the Macon County Website
